

MaxSilin[®]

Max Your Trust

www.maxsilin.com

THE COMPANY

MAXSILIN was established in 2009 and our factory has been assessed and certified to the requirement of ISO 9001 & ISO 13485. It is the manufacturer as well as marketing arm of latex and rubber related products. The company offers a wide range of latex and rubber related products. Some instances of this products which are already well known to everyone of us include latex glove, rubber glove, nitrile glove, dental dam, oral dam, exercise band, loop band, latex sheet, condom, tourniquet and etc. These products have in turn greatly eased the life of those who use them on a day basis and enabled the smooth operation of latex or rubber dependant industries. In order to further diversify the service it provides to its valued customers. MAXSILIN also custom makes or OEM almost all kinds - if not all - of products which are related to latex and rubber based on its customers' special requests from time to time. In fact the company always tries its best in fulfilling the needs of its customers.

In addition to that, it is a common fact that MAXSILIN is also the manufacturer and sole marketing arm for MAXSILIN products in Malaysia. The company offers a number of product lines including - but not limited to - aerosol spray lubricant, all-purpose concentrated cleaner, automotive degreaser and full range of car care products. The company supplies the aforementioned products to all sorts of potential industries. Some obvious examples of these industries are the medical and manufacturing industry, both in the local and overseas market. Nevertheless there are many more industries out there which are also depending on MAXSILIN's products, as the company's products do not only enjoy good reputation among its customers, but one can also rest assured of the quality of these latex or rubber products. As a company that is highly committed to bringing the best to its customers, MAXSILIN strives hard and always tries its best to come out with products that are not only economical in its use but also provide the maximum result to the end users.

VISION

- To be the integrated manufacturer company with the best product needed of our customers.
- Provide the best service to our customers.

MISSION

- Provide good quality products and services to all customers at competitive pricing with the ultimate aim of achieving total customer satisfaction.
